

Bluewave Energy

Bluewave is a national petroleum delivery business selling diesel fuel, gasoline, heating oil, and related products to businesses, industries and home owners across Canada.

Our commitment to excellent customer service, product availability and on-site delivery has made us an industry leader with branch locations in communities from coast to coast across Canada. This enables us to quickly respond to the needs of local markets and unique customer requirements.

Our Mission

To establish lasting customer relationships by always asking "what more can we do for you?"

Shell Partnership

We are North America's largest branded distributor of Shell fuels and lubricants!

Technical expertise - Our sales representatives have undergone extensive Shell technical lubricant training. Bluewave Energy also has direct access to Shell's technical experts whenever needed.

Full product lubricant product line - From top-of-the-line products like Rotella T to greases and gear oils, Bluewave Energy has access to the full line of quality Shell lubricants.

Customized to customer requirements - Your choice of bulk or packaged products. Pumps & tank equipment are also available.

AIR MILES® reward miles!

- Earn AIR MILES® reward miles on every dollar spent!
- One AIR MILES® reward mile for every \$30 on lubricants
- One AIR MILES® reward mile for every \$100 spent on fuel

New customers earn double the AIR MILES® reward miles on fuel purchases! Two AIR MILES® reward miles for every \$100 spent.*

Safety, Supply, Service

Safety - Bluewave Energy is committed to industry leading safety practices and its branches undergo an annual health & safety audit to ensure best practices are maintained across the company.

Security of supply - With over three billion litres in secure supply contractors and contractual agreements with several world-class fuel providers, Bluewave Energy has greater flexibility and control over supply including primary and backup supply options.

Service - Bluewave Energy takes pride in their responsive service, measuring and reporting on customer service levels on a monthly basis to ensure the highest standards are being upheld.

Shell Diesel Extra

Shell Diesel Extra is formulated to keep heavy-use vehicles operating at maximum efficiency by preventing the build-up of deposits on engine parts and injector nozzles with a Shell exclusive and proven additive blend. Spray patterns stay even, combustion happens more efficiently, corrosion decreases and carbon emissions are reduced: translating to reduced consumption and maximized vehicle performance for you. **Available in Toronto, Harriston, Minden, Kitchener-Waterloo, Guelph, Bancroft, Renfrew and Ottawa.**
